Fish Harvest

Kenyan "Tent-Making"

A BIG thank you to all who supported Maurice's fish pond project with both prayer and finances! May our Father give them many years of many good fish!

Hot off the Press! 2000 Books!

Praise the Lord! The books finally hit the press! Thank you to everyone who prayed for this important ministry and generously donated to the printing of Dan Gill's book, "The One" and the reprinting of Anthony Buzzard's book, "The Amazing Aims and Claims of Jesus."

1,000 copies of each book were printed. This supply typically last about 3 years.

This ministry is vital to spreading the Gospel! Maksim shared that from time to time he gets calls or emails from people wanting more information because someone saw one of the books on a friend's or relative's shelf.

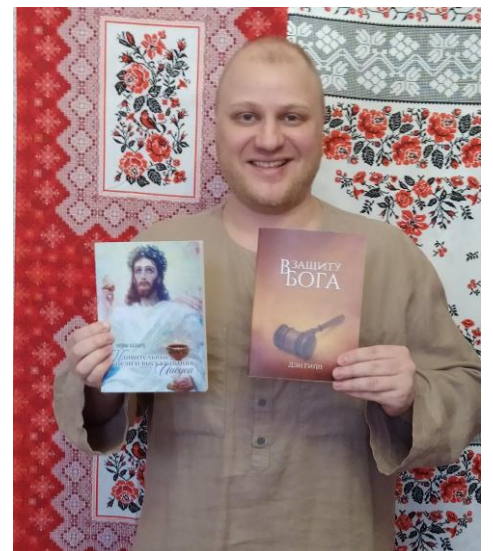

Dan Gill, "The One" & Anthony Buzzard, "The Amazing Aims and Claims of Jesus"

"Thank you so much my beloved and dear brothers and sisters!"

(We will be starting a new printing project soon. Stay tuned!)

Growing & Thriving in the Philippines

The church in the Philippines did not let COVID stop their evangelism, or their own spiritual growth.

I had a wonderful chat with missionary Larry Rankin and was very encouraged by what he shared about how active the churches in the Philippines are, even during a pandemic!

The young people love their fellowship and take their Bible study very seriously. From one church, they also have been meeting with the family that I wrote about last year who had contacted us via Facebook and Larry put in touch with an Abrahamic church that happened to be in the man's town.

The church is very organic and Larry's motto is, if God lays something on your heart, **JUST DO IT! You don't need to form a committee, lead by example and go do what you have been given to do.**

Please pray for all our brethren in the Philippines and that Larry will be able to return in the fall of 2021.

You can be encouraged and inspired by following the Philippine Evangelism (Church of God FOA) [Facebook page](#).

Uganda Mosquito Nets

Pray for our brethren in Uganda as they fight a disease similar to malaria.

This deadly disease seems to have targeted children and some of our own have died, and others are still in the hospital.

The Minnesota Missionary Society, along with all of the Minnesota Churches of God and others from around the United States, donated money for <https://www.facebook.com/groups/1441557462729433> mosquito nets, mosquito spray, and medication for our church members in Uganda.

It was a great blessing to see how quickly churches and individuals were willing to help with this urgent need.

DEBATE: Did the Son of God Preexist Eternally?

If you missed the live debate, you can watch the **REPLAY** [here](#).

This is a comment shared by one viewer:

“Carlos - EXCELLENT job brother! This was a **clear victory for truth**, and a **very loving debate**, where both parties conducted themselves charitably, and yet the truth clearly prevailed of the one God the Father, and His Son the one Messiah procreated in Mary's womb!”

Uzbekistan

Please pray for Umid, a man in Uzbekistan that Maksim has been corresponding with for about two years. They met while Umid was in Russia working and needed to be admitted to the hospital where Maksim works.

Umid was disappointed in the Islamic faith and when he met Maksim he was interested in Christianity that

believed in one God.

Maksim shared that he feels God is leading him to minister to more and more Muslims and that he should make sure he gives his attention to them.

We have brethren in various Muslim former Soviet countries. Please pray for our ex-Muslim brethren as they continue to grow in their faith and for protection since it can be dangerous to leave the Islamic faith and turn to the true God and His Messiah, Jesus.

May the God of Jesus continue to draw Umid to Himself and may Umid be reconciled to his Heavenly Father.

Please continue to pray for Maksim's health. He is stable, but not well. He can function (because his body is acclimating to how he feels), but he still has severe headaches and gets tired quickly.

Planting Kingdom seeds, ministering to the brethren, and discipling people, all energize Maksim and keep him going.

Young People's
KINGDOM
Lifestyle
Fellowship & Bible Study
Fridays 6:30pm CST

We have seen a need for **Bible study and fellowship** for likeminded brethren, specifically women and young people, scattered around the States and World. Email me for the Zoom Link if you or your children (ages 12+) are interested in joining us: tracy@kogmissions.com
