## Pray for Our Servant Brethren

**Russia**

Please join us in **fervent prayer** for **Pastor Maksim**. He was feeling a bit better after a hospital stay and some time in the country with an elderly sister, but again, his **headaches** are back and he does not feel well.

Satan does not want this message of Kingdom hope to be proclaimed to Russian speaking people and God's messenger is being attacked from all sides.

Please stand with Maksim in the spiritual realm pleading for healing and strength.

**Pray for complete healing, physical strength, and spiritual strength as he endures these trials.**

**May God's work continue to thrive!**

**Pakistan**

Please pray for our **Pakistani brethren** who are boldly preaching and teaching Biblical truth.

Maryam creates many videos sharing the truths of Scripture and her church "Save the Faith," promotes and preaches the one true God in Pakistan, and to the nations on social media.

*We believe God is one God, not three Gods that make one God. Jesus is God's son whose origin was in the plan of God and through his human birth through his mother Mary. We are Biblical Unitarian believers sharing the message of the coming Kingdom of God.*

**Pray for health, protection, and provision as they sacrifice their lives to get this message out to those around them and around the world.**

**Kenya**

Please pray for **Pastor Maurice and his wife Pamela** as they lead and support those on the front lines in Kenya.

Pray for God to richly bless their **ministry to the many saints**, the **entrepreneurial endeavors** (fish pond, honey, garden, [ACOWES](#)) that support the work, the pastors and the brethren in need, and **training and education** that they provide.

Pastor Maurice not only works hard to provide for his family and help the brethren as he can, but he also spends a lot of time traveling to help other churches get their ministries up and running, and taking additional time to encourage those brethren.

**Please pray for all the leaders in Kenya and the rest of Africa as they live and serve!**

# Teach Them the Way & Where to go - to the Nations!

**As parents, pastors, and teachers we have a responsibility to not only plant Kingdom seeds in the hearts and minds of our children, but seeds of service.**

We cannot control what they will do when they grow up, but before God we must be faithful to plant the seeds. My prayer for my own children is not only that they would love God with all of their heart, soul, mind, and strength, but that they would desire to serve our Father in heaven and His human Messiah, Jesus.

As the verse says, there is no greater joy than knowing one's children are walking in the truth, but I would like to add, there is even more joy if those children choose to serve the Living God and sacrifice this short life for an even more blessed one to come.

This world offers only temporary success and fleeting riches. Thus, our focus must be on instilling the importance of looking to a greater future, not just getting a job or creating a family (which are not bad things, just for the record.) But, as Maksim shared with his family when they cursed him and left him alone because they thought he was throwing his life away and rejecting the honor and blessings that this world offers, the future Kingdom will bestow upon him and us greater rewards, power, and praise.

I don't wish for my children to be stoned or sawn in two, but what joy it would bring my heart to see their names added to the list in Hebrews 11!

If we do not pass on the passion and love of obeying Jesus' Great Commission to his followers, each generation after will fall farther away from the truth, and the Kingdom message and proclamation will grow dim and silent.

**We have a responsibility, and so do our children, and our children's children if Jesus would tarry.** Take pride in opening the nations to this next generation, and the even greater need they have to hear the good news of the coming Kingdom of God.

As each generation becomes more evil in the eyes of the Lord, there is less time to get our Jesus-given job done! **Light the spark that will help keep the torch burning and passed on until our Messiah returns to establish God's rule over all the Earth!**

## NEW Ways to *Serve* & Do the *Great Commission*

What is one of the greatest talents and interests of this generation? **The internet!**

Jesus will demand an account of what we have done with what we were given as we wait for his arrival.

We may not be able to travel now, or even ever again before Jesus returns, but we can still use the internet and to get his Kingdom message out to the nations.

This generation has it pretty easy! There is no need to spend exuberant amounts of money to travel, no leaving your family and friends, and no sleeping on dirt floors and eating bugs. We got a pretty cushy opportunity to help Jesus fulfill what he started!

*But what is easy to do, is also easy not to do!*

If you have a passion for truth and Great Commission obedience and desire to use your time, money, and/or talents for the Kingdom, please email me at: [tracy@kogmissions.com](mailto:tracy@kogmissions.com) and we can explore what options you might have to fulfill your calling.

# Majo Update

A BIG thank you to all who have prayed for dear Majo! The whole time he was in India his parents were trying to get him to marry a Catholic girl before his younger brother's wedding that will take place at the beginning of February.

It was a great struggle for Majo to withstand all of the pressure by his family and extended family (priests and nuns). His culture demands conformity to the family and to the church. Majo was basically told that they "own" him and he had to do what they said, so you can imagine what he went through.

I do believe that it was your faithful prayers that kept him strong in truth and firm in his decision to only marry a likeminded woman of truth who loves the Kingdom hope.

Please continue to pray for Majo as he returns to Oman to work on February 2nd. His job is uncertain. Also, pray that God would

bring a Kingdom minded woman who understands that the Father alone is God, into his life for him to cherish and with whom he can serve our Father side by side.
