Pastor Maksim

Blessed but Weary

In July Maksim traveled to visit Brother Ivan and his daughter Nina (now 7) for a week. They met at Ivan's uncle's house for some of their fellowship and study, and Ivan's uncle also joined in their study and took lots of notes.

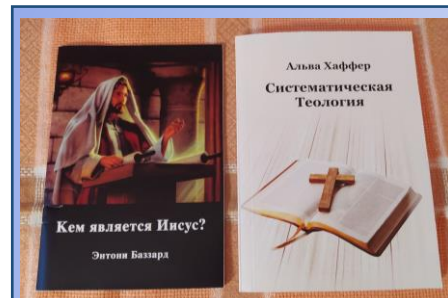

Please continue to pray for Ivan as he raises his daughter. (His wife was killed in the Ukraine in 2014 by shrapnel when she was walking with her infant Nina in a stroller.)

Maksim then flew to meet with sister Tatyana. Brother Oleg was working and could not come and brother Simon's health issues prevented him from traveling.

The fellowship was encouraging to all and they are very grateful for those of you who helped make their gatherings possible and prayed for their travels.

Please continue to lift up our scattered brethren in Russia and the surrounding countries, and for Maksim's health. He is still suffering from headaches. Also, pray for him as he is planning to visit other brethren before the summer is over.

May God's spirit and the Kingdom hope strengthen Maksim daily as he serves God.

Spiritual Warfare in 2021 & Beyond

As representatives of the one true God and His righteousness, and as defenders of the young, we must wake up and start speaking up if we don't want to lose their hearts and minds to Satan's worldview.

People who refuse to acknowledge the Father as Creator and almighty God, are perverting everything that He made and called good. The spirit of Antichrist is already in the world and our children are being desensitized to evil. Good is called evil and evil is called good. Confusion and disorder run rampant in society as a whole and it is slipping into every area of our children's lives, from TV, music, and social media, right to the schools.

People are afraid of being called racist or intolerant if they voice God's view. **Instead of being intolerant of lies and sin we sit silently on our couches and in the pews.**

If we do not speak up and shine God's light into the darkness, our children will be ignorant and very soon be swallowed up by the enemy's worldview. They will not only be tolerant of sin, but accept it as a normal.

We must educate them of God's truths and the simple truths that people once accepted, like basic human biology. They must hear that it is not normal for a man to try to breastfeed a baby, no matter if he thinks he is a woman, or thinks he can produce milk.

Children must know that God created male and female, not that they are *assigned* a sex by a doctor at birth. Simple science is clear that our DNA determines our eye color, height, and our sex/gender. It doesn't matter if a girl thinks she is really a boy and just got some wrong body parts. Children often pretend to be cats and dogs, but that doesn't mean they really think they were created a dog or cat and need to grow a tail.

Uncomfortable as it may be, it is not respectful to use incorrect personal pronouns. It is a lie, not only to the person and those hearing you, but to God, their Creator.

We must teach compassion for the lost, and to love those who hate us because we are intolerant of sin and deception, as God is. Just because we do not tolerate sin, does not mean we hate people or desire to hurt them.

Inclusion does not mean we must accept lies or an immoral lifestyle. If we want our children to be included in the first resurrection and God's coming Kingdom, we must boldly speak truth – in love.

Please Pray:

➔ Please pray for our brother Shakhrom who lives in Tajikistan and is one of our ex-Muslim brothers. He has requested urgent prayers. He shared his faith with relatives in Afghanistan and gave them Bibles last year. (They were interested because they had heard of the trinity, but never that there were Christians who believed in human Messiah Jesus and the one true God.

Now that the US has left Afghanistan, he is terribly afraid something has happened to them since he hasn't been able to reach them for 2 weeks. He said if the Taliban found the Bibles it was essentially a death sentence.

While the US was there the bandits were somewhat controlled, but now the radicals have full reign.

Please pray for his relative's safety and that if they are alive that they would be able to get in touch with our brother soon.

➔ Pray for Haroon, Maryam and the other brethren who will be traveling and evangelizing who Jesus is starting on July 20th in Pakistan. Pray for safety and that people would have open minds and hearts to receive the Kingdom gospel and who Jesus really is.

➔ Continue to pray for Pastor Edwin in Peru, for his health and wisdom and safety.

➔ Pray for those ministering in Nicaragua, for provision and protection.

➔ Pray for our brethren in the Ukraine and Muslim countries in Eastern Europe, that God would protect them and give them peace.

➔ Pray for all the scattered brethren.

May they be encouraged to stand strong and remain faithful to the message of Jesus, and hold on to the hope of the resurrection and coming Kingdom.

Encouraging Correspondence!

I'm so sorry to hear of Maksim's troubles! Prayers lifted for him! "In this world you will have tribulation"! I can't imagine what he experiences because of his faith! I use to do a lot of fasting way back! I've been making excuses tint do it anymore such as "old people are at risk to fast!" I've been convicted recently to resume this practice! I will certainly include Maksim and you my dear in this discipline! We all need "breakthroughs"! (AZ)

Another great video Tracy! Thank you for bringing these truths to light for all to see! Praise be to God the Father AND our Lord Jesus Christ! Amen! (YouTube)

I enjoyed watching your video sis. Thanks, I shared it. Yes, the world is working hard to corrupt our children. We must be on top of things, and fight the spiritual fight against the evil forces of this world. (YouTube)
