## Pakistan Evangelism *Reaching Trinitarians*

*Parvez & Pastor Rafi*

Pastor Haroon and sister Maryam led a three-week evangelism trip to four large cities: Taxila, Peshawar, Rawalpindi, and Faislabad. They also visited the smaller villages surrounding the cities.

Five evangelists traveled to give people the opportunity to hear who Jesus really is. Pastor Rafi, Parvez, and Razia, took off work so they could travel with the team. They had all gone through Bible classes and were committed to go share these wonderful truths. Gulzar, Amir, and Sobia made visits closer to home.

The team hired a small van for travel and when they would get to a city, they would try to find where the Christian communities were and looked to contact a head person in the area that most people would know and respect.

In some cities they had no contacts and in others they had been invited to come and teach more on what people had heard in their videos or had seen on Facebook posts.

*Save the Faith Biblical Unitarian Prayer Meeting*

Many people said that they had never heard these verses before and wanted to hear more. They will stay in touch with those who received the good news. (They hope to do some return visits this spring.)

When they returned home, they had a prayer meeting on Sunday and invited several trinitarian pastors to join them who also wanted to hear more about what Pastor Haroon was preaching.

Please continue to pray for their ministry as they boldly preach Bible truths in Pakistan. You can donate [here](#) for the next evangelism trip.

# Pray for Our Chinese Brethren

Pastor Maksim and I had the pleasure of talking to a brother and sister in Canada who helped make a flyer in Chinese years ago for Maksim to use at the Chinese markets in his city. This wonderful teamwork opened a door for a young man who was searching for truth and we ended up gaining a brother.

Our friends shared some very sobering information about Christians in China. Please pray for our brethren all around China.

It is much harder for religious groups to gather. The biggest problem is that many of these laws are now being enforced. There are bigger hardships and more crackdowns on Christians in northern China. In the south Christians are a bit more active and more “free.”

Many churches are meeting on Zoom, but are still careful with what they say in case somebody on is recording. They believe that the government has not cracked down on these believers because they are probably working more on gathering information at this time. People hesitate to speak, so the fellowship online is not very intimate.

The Chinese government has relied on people to do much of their surveillance and that people would turn in other people, even their neighbors. Our friends shared that China now has many super computers that monitor people and financial transactions, as well as text messaging. The whole country is under surveillance!

China also has the “great firewall” and over 1 million 5G towers, which is 60% of 5G in the world. The 5G network lets them gather information in real time and it is then processed very quickly by the super computers. These computers look for signs of subversion.

China is working at separating the internet inside China from the rest of the world, and if they go to a digital currency that is backed by real money, as they plan, they will be able to know everything anyone buys.

Biometrics and facial recognition are in the cities and the airports. Our friend shared how if you J-walk, your name will be displayed on a box there warning you that they saw you and that you could get fined.

Russia, like China, has instituted many laws to keep people under surveillance. Three years ago, they passed a law that internet providers and cell phone companies were required to keep all of their client’s information for a minimum of one year.

The world is changing very fast, as we can see. Believers must not fear. As Maksim says, “we must continue God’s work and use every opportunity we have to share the good news of the coming Kingdom.”

I am sure our Chinese brethren have the same prayer request as our Russian-speaking brethren. “Please pray for our faith to be strong and that we would be encouraged in our spirits. Pray for unity among the scattered church and that ministry, preaching, and evangelism would continue.”

Maksim reminded me that even though there are problems in the world and with the economy, the most important thing is to be in the place God put us and to work and serve with all we have. This is true in Russia and in China. **Our brethren know that whether they live, or weather they die, they have resurrection hope; and we must all remain faithful wherever we live.**

## PRAY

### For Our Brethren in Russia & Ukraine, and for All Affected

Please pray for our brethren during this trying time. May their faith remain firm and their Kingdom hope give them peace and strength.

**Pastor Maksim has said they all appreciate and feel the prayers from brethren from all over the world! Please keep them coming.**

You can [DONATE HERE](#) to partner in Kingdom ministry in Russia and Russian-speaking countries.

Thank you to all who swiftly donated as you heard of the recent needs.

## Encouraging Correspondence!

What a potent, sobering and empowering use of the very scriptures, otherwise used to enslave Watchtower followers! Excellently done. (YouTube)

I am genuinely blessed to have met all you wonderful ladies! I really enjoyed Bible study tonight. I've never been a talker, but I could sit and listen to everyone talk for hours! (Women's Bible Fellowship)
