

Greetings in Jesus' name!

With sadness we share that our sister Ludmilla from Kazakhstan died in May. She is no longer suffering and is awaiting the resurrection when Jesus returns at the end of the age. Please continue to pray for her daughter, our sister, Alissa (photo).

Maksim's Summer Travels have begun. He left at the end of May to go visit Brother Bogdan and Brother Uli.

His trip started on an overnight train. Then Pastor Maksim will take an airplane, and then a helicopter. A BIG BIG thank you to the generous donor who gave so this trip could happen now!!!

Maksim will be visiting Brother Bogdan for a few days in between the airplane and helicopter travel. This fellowship time together once a year is so precious to them!

Please pray for Maksim's travel and for his safety, and **please consider how you or your church can help with the next two trips he will make this summer to other scattered brethren.**

Theological Conference was AMAZING! Several brothers were baptized, there were great Biblical teaching sessions and many Faith Stories shared. It is incredible the cost many of these brethren had to pay to turn to the One True God and His anointed one, Jesus. Please pray for our Brother Aleksander from Switzerland. He has a fellowship there that he leads. Also pray for the brethren in Germany and the surrounding countries who are scattered and fellowship via

Skype. Pray that they will continue to grow in truths of Scripture and that they will reach many with the kingdom hope.

Pray with Brother Majo for Bethel Thomas

Thank you for your prayers for Brother Majo in Oman and for the man, Bethel Thomas, that he is trying to reach with the truth. Please lift them up as often as you can. Majo did talk to Bethel Thomas and he was open to think and pray about kingdom truth and said he would ask his church to pray as well. Please pray for a sincere desire to know what the truth is on these important biblical matters. Also, when in prayer, Majo was inspired to pray about having a conference in Oman.

Majo shared, "I was cooking and praying earnestly about my call being here. I saw early that we have around 3 years in middle east to work effectively. Even now economy is very dull. Within 3 years it would be very difficult for people to stay here. So why can't we arrange a huge gathering, like a conference in middle east within these years. Mr. Thomas is the pastor of whole country Oman. So surely nearby Arab country Christian leaders can get together with his initiation. According to Indian mentality, the one True God issue and rapture doctrines are so heavy to break down, but we pray earnestly... Our main prayer target would be change of his mind towards the true gospel and the true God, then we will have won the greatest part. India can be reached through the Middle East by working with the Indian people abroad. This would be our great mission, I believe. We can achieve this by wise planning with Father and by prayer. If so, we have hardly 35 months left. Let's make this as our vision and work on it! We will have the Middle East and India for His kingdom!"

Please pray for our team over in Africa. They will be spending 18 days in Malawi, 9 days in Mozambique, and 14 days in Kenya.

Prayers are also requested for our team as they travel to Peru this summer. They will be departing June 25th and returning July 3rd. The team will be participating in Pastor Edwin's conference and encouraging the brethren in Lima.

Thank you for all of your prayers and financial support for these ministers and ministries happening all around the world! We are one BIG team working for the kingdom gospel to go out to the nations!

May God be glorified in our faithfulness to this kingdom gospel and the Great Commission!
