Pastoral Care & Resurrection Hope

Pastor Maksim spent the last few months traveling to visit and care for our scattered brethren in Russia. He took a train for two days and met with sister Tatyana and brother Simon for two and a half weeks. They stayed with an elderly relative and helped her around her house and

yard, like they did at their last meeting. As you can see on their faces, they had a very blessed time of fellowship! It was a refreshing and invigorating time of prayer, Bible study and discussion. Praise God for this opportunity! They were all strengthened in the truth and encouraged each other to continue walking that truth out in their daily lives.

Please pray for our new brother Vitaliy. He lives near Chita in Siberia. Maksim met him about four years ago in the hospital. They stayed in touch and corresponded over that time while Vitaliy studied and grew in knowledge. After years of drinking and gambling, Vitaliy finally gave that up about 2 years ago after a bad accident. Praise God he turned to Jesus and embraced the Father's forgiveness.

After visiting Simon and Tatyana, Maksim traveled another two days by train to meet sisters Sophia and Valentina at Valentina's relative's house in the Far East, near Mongolia and China. After meeting together for several weeks Sophia's diabetes acted up and she lost the use of her legs. Maksim and Valentina stayed to nurse her with hope that she could return home. Unfortunately, she died. We find comfort in that she died in faith and we will see her when Jesus returns and she is resurrected along with the other saints.

Pastor Maksim took a train two and a half days (one way) to go baptize Vitaliy. They rented a small pool in a local banya and he was baptized there. Afterwards a friend came over and was interested to hear what Maksim had to share. Please pray for Vitaliy as he grows in faith and for his friend to have an open heart and mind and desire to keep in touch with Maksim.

Kenyan Theological Conference 2019

This conference is an annual event which rotates among their various churches each year. It provides much-needed encouragement for the brethren and creates an enabling environment for building their faith to the fullest.

On day one of the Kenya Theological Conference Pastor Dorcas taught on the One True God and Bishop Zephaniah Mmaiti taught on the Unity of Faith. Maurice's daughter Prudence lead the worship team with praise songs. On day two Pastor Elisha Vidolo taught on the Kingdom of God, and Pastor Aggrey taught on the second coming of Christ. Day three Pastor Chilson taught on Christian living, and Maurice taught on the state of the dead. The last day, Maurice taught on the millennial reign. There also was a dedication of a new born. Praise God that our brethren had this opportunity to fellowship and feast on the true words of God! May their encouragement carry them until they meet again and may they be inspired to live and share the kingdom hope that they have so strongly embraced!

Please pray for Pastor Edwin in Peru. In December he will be traveling to have surgery.

A Return to Biblical Monotheism

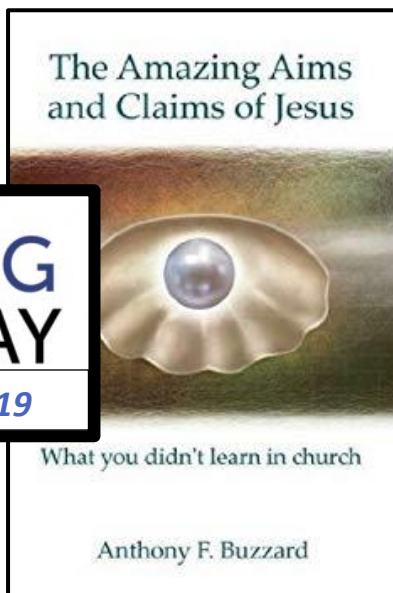

Restoration Fellowship reaches many people around the globe. Australia is just one of many places where we have scattered brethren yearning for like-minded believers with whom they can fellowship. Please continually pray for all of our brethren as they make a stand for the one true God and the gospel of the kingdom. May we impact the world together and walk forth in obedience of the Great Commission. As Brother Anthony Buzzard often says, **"I don't know who wouldn't want to have such fun!"**

Short essay to ponder...

I (and my family) sacrifice because of my profession. I am away on active duty weeks and sometimes months out of the year. My family sacrifices time with me so that I can serve other people and help those in bondage. I also help free slaves and do much more than people think the job entails. It is an honorable work, but very hard. Sometimes I risk my life. Because of my of service my family and I deal with issues of special importance, like employment, education and wellness. My children and spouse sacrifice as much as I do when I am deployed. We all make huge sacrifices to serve and protect others from the enemy. Even more, we go to work each day with the hope of bringing freedom to all. The stress of warfare is real and the enemy is constantly waiting for an ambush. I want my children to be prepared for the future and to have the hope of living in a war-free nation where there is no poverty or fear of the enemy.

We don't need celebration to honor our families who sacrifice their lives at home in order to support their loved ones who are on duty to serve at all costs. We recognize that this profession has possible work-related hazards, but we serve wholeheartedly. It is an honor and privilege to make these sacrifices for the nations.

I am a missionary.
