

Abortion is Built on Lies - A New Low

Abortion is now the leading cause of death in the world. It is one of the greatest miseries and moral evils ever to be entrenched in our world.

It exceeds all previous atrocities. One of the tragedies is that the vast majority of Americans have ignored this and have *not* stood for justice and mercy. We, as a whole, Christians and non have not opposed the dismemberment or chemical poisoning of the most vulnerable and the most innocent.

Abortion is built on lies. You have to lie to defend it. It is an atrocity changing the whole thought process of our country. More than a million lives are violently terminated each year, 3,500 each day.

Abortion is not just wrong – it is evil. Diabolically ruthlessly evil. And it shames us as a culture. And even more so as Christians. (There is no condemnation for anyone who has repented of this – forgiveness in its magnificent way – covers all.)

There is no argument for abortion that makes sense! There is always a better way.

Why do we have the right to authorize the killing of another human being? Why does a mother have the right to choose her child's expiration date?!

Those who control the language control our thought processes. Entire books have been written revealing that the language used by pro-abortionists deceives, confuses, and makes possible what should be unthinkable. Verbal engineering always precedes social engineering. And gradually drip by drip our morals and consciences have been overridden to the point that we allow what should be an unimaginable horror and an unthinkable act of violence. The word choice is a brilliantly evil choice of words. Freedom of choice is perhaps the John 1:1 of the abortion lobby. BUT it is a CHILD, NOT A CHOICE!

And note that the most popular and admired women in America are now actively advocating for and shouting the praises of abortion. We should remember however, that we display our character by the things which repulse and revolt us. What God finds abominable – we should find abominable.

In an historic tragedy of ghastly consequences the New York Senate lead and has voted to legalize abortion right up to the moment of birth, i.e. *9 months – for any reason* (1.23.19). They have also voted to repeal any protection – which would mean *no medical care* for any babies who survived an abortion attempt. Hideous in the extreme! How any person of conscience or moral decency could support this I cannot imagine. Ours is a sick and depraved culture as is demonstrated by the jubilant rejoicing of those in favor of the “choice” to murder our children. We now *celebrate* the taking of human life?! A new low and an abomination as surely as the sacrificing of children by throwing them into a fire.

Unable to bear the truth, we soften God's anger when we play it down by saying that God loves the sinner but hates the sin. Actually in Pro. 6:16, 17 we find this: “The LORD hates those that shed innocent blood.”

And of course we know that by condoning or blessing evil we are in fact participating in it. May we be found innocent of these vile deeds and stand up to protect the Innocents.
